● FREE TRIAL

Start free. Go live *today*.

No credit card required. Get your AI voice agent answering inbound calls within minutes using our free credits.

1

STEP 1

Create your account

Sign up at paywithplay.africa with your name and email address. No credit card required.

- Enter your full name and email address
- Verify your email and log in to your dashboard
- Your free credits are automatically added to your account

2

STEP 2

Build your AI agent

Create and personalise your voice agent — give it a name, a voice, and configure what it says to your customers.

- Click Create Agent from your dashboard
- Choose your agent's voice, language and accent
- Write or customise your call script
- Set business hours, FAQs and responses

STEP 3

Billing & Credits

From the dropdown menu, navigate to Billing & Usage and select a prepaid credit plan.

- Open the dropdown menu and click Billing & Usage
- Select a Prepaid Credit Plan and complete payment
- You will be credited with 50 credits upon purchase
- Phone numbers cost 25 credits per month — 50 credits covers your first number plus usage

■ Credits are prepaid and never expire. You only spend credits when you use them — no hidden charges.

4

STEP 4

Purchase a phone number

Navigate to Phone Numbers in the dropdown menu and purchase a dedicated number for your business.

- Open the dropdown menu and click Phone Numbers
- Click Purchase Phone Number
- Select your country and preferred number
- 25 credits will be deducted from your balance

■■ **Nigerian numbers:** Please allow **2–3 working days** for activation after purchase. Numbers from all other countries activate **immediately**.

5

STEP 5

Activate inbound calls

Register your phone number to your agent so it starts answering calls from your customers immediately.

- Open the dropdown menu and click Inbound
- Click Activate Inbound
- Select your phone number and assign your AI agent
- Your number is now live — share it with your customers

Free Plan: Your AI agent answers every inbound call 24/7. Outbound calling is not available on the free plan. **Upgrade to Pro** to unlock outbound calls, multiple numbers, and full features.
